HealthySole®

SAFELY HARNESSING THE
POWER OF UVC TO HELP
STOP THE SPREAD OF PATHOGENS
ON THE SOLES OF YOUR SHOES

WWW.HEALTHYSOLE.COM

In just 8-seconds, the HealthySole® PLUS uses germicidal UVC light to virtually eliminate all shoeborne pathogens, helping to decrease ambient contamination and to reduce the risk of bringing infectious, contamination-causing bacteria and viruses into the workplace, clean room, or other public space.
